

Sanka Dananjaya

Software Developer

I am currently pursuing a BSc. (Hons) degree in Computing at the University of Wrexham, UK. I have over two years of experience as a detail-oriented web developer specializing in front-end and back-end development. My skills include **HTML**, **CSS**, **JavaScript**, **Node**, and **React**, which enable me to design reliable and user-friendly solutions that meet client needs. I have a proven track record of success in delivering projects on time, and I am adept at working in cross-functional teams.

G. C. E. Advanced Level
Chandrajothi Vidyalaya - Yakkala

Expertise

- HTML & CSS
- JavaScript
- React
- NodeJS
- MongoDB
- Git
- Figma

Experience

2022 MAR - 2024 JUNE
Dimensions IT | Thihariya

Web Developer

- Developed websites using **React**, **Material UI**, and **Bootstrap** libraries for the front end and **PHP** for the back end.
- Part of a team that completed an unfinished resource management tool project, added new features, and improved the UI design using **Figma**. We used **React**, **Bootstrap**, and **SQL**.

2021 MAY - 2021 NOV
Dialog Axiata PLC

CS Training Program

- I have experience working with the Jira system and Asana web portal. Additionally, I specialize in maintaining IT systems.

2020 NOV - 2021 MAY
DilinaBiz(PVT) LTD
Software Engineer Intern

- As a Software Engineer Intern, I coded, debugged, and tested software. I collaborated with cross-functional teams to design and implement key features, honing my skills in **JavaScript**. I resolved software issues, engaged in code reviews, and fostered a continuous learning environment with senior developers.

Projects

Stock management system for a furniture shop.
PHP | HTML | CSS | JavaScript | MySQL
<https://github.com/ItsSanka/Furniture-Palace.git>

User Management Web Application
React | CSS | JavaScript | MongoDB | NodeJS | Express
<https://github.com/ItsSanka/User-Management-MERN.git>
